

SPIRALING METAPHOR CODEX

Use as a classroom project journal or as a presentation book please adapt to fit your project.

TO ASSEMBLE;

FOLD covers and bindings on the score and burnish, and fold pocket pleats in half lengthwise.

GLUE pocket pleats to cover folds creating a pocket, align the pleat fold with the covers edge.

CUT/PUNCH to create decorative bindings, place binding hinge folds together before cutting, do not punch or cut the hinge.

GLUE decorative binding to front and back covers take care not to glue the hinges.

FOLD/PUNCH signatures and covers use a punched signature as a template ensuring all holes to match, 12"x18" signatures fold in half and punch on the fold or punch one open edge and cut 1" strip off the other to create a fold out signature.

COMPILE signatures, assemble book from front to back and bind with brads, which allow for ease in modifying signatures.

EMBELLISH cover bindings with gel pens or a medium of choice.
